HOW TO CONNECT YOUR MU HEALTH CARE ACCOUNT TO THE APPLE HEALTH APP.

1. Open Health app.
2. Select HEALTH DATA.
4. Tap the HEALTH RECORDS option.
5. Tap the GET STARTED button.
6. University of Missouri Health Care/MU Health Care should be the top option. Tap it.

Tap the MU Health Care card in the AVAILABLE TO CONNECT section.
Log in with your MU Health Care account username/email address and password.
Select the appropriate patient record and tap the AUTHORIZE button.
On the Account Added screen, tap DONE.

Note: Instead of Done there may be a Next option. If so, tap the Next button.
You should start to see your MU HEALTH CARE DATA getting pulled into the Health app.
