

INTEGRATED MEDICINE

MERGING **COMPASSION** AND **INNOVATION**

Integrated Medicine is a 24 bed secure unit that allows us to safely care for our at risk patients. This unit is an innovative response to our community's growing medical needs and allows us to serve patients' complex medical and psychological needs in one location.

The Integrated Medicine medical team includes an attending physician, mental health techs (MHT) and RNs offering 5:1 ratios and 8:1 MHT ratios. Innovative and extensive safety features are integrated to ensure a safe and therapeutic environment for our staff, patients and visitors.

Work in a specialty that is constantly growing, ever-changing and provides daily challenges to help you learn and grow.
